This kit transforms The Learning Tower — a high-quality birch tower of adjustable height — into a fun playhouse. The set features an easily-attachable roof, red curtains and four theme signs to create a puppet theatre, doll house, drive-thru and lemonade stand. A combination set that includes the tower and the playhouse kit is available for a suggested retail price of \$189.95. It is suitable for children aged 18 months and up. According to Lisa Orman of Kidstuff PR, the open-ended structure of The Learning Tower allows children to use their imagination and create special play spaces. Launch date: July 2006.
